## VOLUME 1: PROGRESS IN MEDICINE 2016

### SECTION 1

### DIABETES

1. **Can We Change the Natural History of Type 2 Diabetes Mellitus?** 3  
*V Mohan, A Amutha*
2. **Diabetes is a Vasculopathy: Not Lone Endocrinopathy** 8  
*Rajeev Chawla*
3. **Heart Disease in Diabetes: Indian Pattern** 14  
*YP Munjal, Bhagya N Pandit, Anmol S Pannu*
4. **Childhood Onset Diabetes** 18  
*Ranjit Unnikrishnan*
5. **Brittle Diabetes: Current Approach** 21  
*SV Madhu, Sundaram Gopalakrishnan*
6. **Diabetes Educators: A New Paradigm for Management of Indian Diabetics** 24  
*Shilpa Joshi*
7. **Home Monitoring in Diabetes** 27  
*RK Goyal*
8. **Going Beyond HbA1c: Ambulatory Glucose Profiling** 29  
*Prasanna Kumar KM*
9. **Diet and Diabetes** 32  
*Pramod K Sinha, Mandip S Bhangoo*
10. **Sulfonylureas: A Reappraisal of their use in Clinical Care** 37  
*Krishna G Seshadri*
11. **Role of Newer Antidiabetic Agents in Indian Diabetic Patients** 40  
*Anuj Maheshwari*
12. **Glycemic Variability and Role of Alpha-glucosidase Inhibitors** 45  
*Banshi Saboo, Ravinder Garg, Geeti Puri Arora*
13. **Dipeptidyl Peptidase-4 Inhibitors** 49  
*Ajay Kumar*
14. **Newer Hypoglycemic Agents for Type 2 Diabetes** 52  
*Harbir K Rao, Rajinder S Gupta, Simar Rajan Singh*
15. **When to Initiate and how to Intensify Insulin Therapy in Type 2 Diabetes** 56  
*Sanjeev Phatak*
16. **Peripheral Neuropathy in Diabetes** 62  
*R Rajasekar, M Nataraj*
17. **Diabetic Foot** 65  
*Vijay Viswanathan, Anitha Rani*
18. **Management of Hyperglycemia in Critical Care Setting** 67  
*Apurba Mukherjee, Giridhari Kar*
19. **Prevalence of Noncommunicable Diseases in India: Results from the ICMR—INDIAB Study (Phase I)** 72  
*Ranjit Mohan Anjana, Tanvir Kaur, Rajendra Pradeepa*

20.	Mobile Technologies in Managing Diabetes <i>Viral N Shah, Narendral Jain</i>	77
21.	Evolution of Path-breaking Technologies in Diabetes <i>Jothydev Kesavadev</i>	83
22.	Saroglitazar, a Novel Agent: Role in Diabetic Dyslipidemia <i>Bipin Kumar Sethi, V Sri Nagesh, Ayesha Vaseen, Jayant Kelwade</i>	88
23.	Bionic Pancreas <i>Shalini Jaggi, Rajeev Chawla, Aastha Chawla</i>	91

## SECTION 2

### RHEUMATOLOGY

24.	Laboratory Investigations and Interpretations in Rheumatic Diseases <i>Paramjeet Singh, Ghan Shyam Pangtey, Amit Kansal</i>	97
25.	Hyperuricemia: Relevance in Clinical Practice <i>Vikram Londhey, Tarun Satija</i>	103
26.	Asymptomatic Hyperuricemia: Not so Benign <i>Renu Saigal</i>	107
27.	Recent Guidelines for Management of Gout <i>URK Rao</i>	113
28.	Rheumatoid Arthritis: Recent Advances and an Indian Perspective <i>Milind Y Nadkar, Abhinav Anand</i>	116
29.	Biologicals In Rheumatoid Arthritis <i>Gauri Liyakat Ali, Sharanbasu, Asim Khan, Ambreen Liyakat</i>	119
30.	Low-dose Methotrexate: A Widely Misunderstood Drug <i>Anand N Malaviya</i>	128
31.	Art and Science of Using Corticosteroids in Rheumatic Disease <i>Rohini Handa</i>	137
32.	Changing Concepts in Spondyloarthropathy <i>Kishore Babu, B Lakshmi Narasimha Rao, G Narasimulu</i>	141
33.	Evidence-based Medical Management of Osteoarthritis <i>RN Sarkar, K Bhattacharyya</i>	144
34.	Lupus Nephritis: The Current Scenario <i>Siddharth Jain, Uma Kumar</i>	148
35.	Vasculitis versus Pseudovasculitis: A Challenge to Clinicians <i>Arup Kumar Kundu, Anupam Maity</i>	155
36.	Systemic Vasculitis: An Enigma Unfolding <i>Aman Sharma</i>	160
37.	Immunoglobulin G4-related Disease: Cause or Effect? <i>Harvinder Luthra</i>	167
38.	Ocular Inflammatory Diseases: What a Physician should Know? <i>Yojana Gokhale, Eesha Shukla, Akruti Desai</i>	172
39.	Biosimilars: The Future of Biological Drugs <i>Praveen Hissaria, Manisha Ginde</i>	179

## SECTION 3

### ONCOLOGY

40.	New Diagnostics and Screening Methods for Cancer <i>TVSVGK Tilak, Amit Dhiman</i>	189
41.	Immunological Aspects of Cancer <i>Jayanta Chatterjee, Sadaf Ghaem-Maghani</i>	194

42.	Management of Infections in Immunocompromised Patients <i>Sanjeet Dadwal</i>	199
43.	Chronic Myeloid Leukemia: An Overview <i>Hemant Malhotra</i>	204
44.	An Approach to a Solitary Pulmonary Nodule <i>Madhuchanda Kar, Angira Dasgupta</i>	210

## SECTION 4 NEPHROLOGY

45.	Prevention and Management of Acute Kidney Injury in Critical Ill <i>NP Singh, Anish Kumar</i>	219
46.	Cardiorenal Syndrome: An Overview <i>Ananda Bagchi, Avijit Bhattacharya, Aradhya Sekhar Bagchi</i>	224
47.	Hypertension and the Kidney <i>MK Mani</i>	229
48.	How to Handle the CKD Epidemic in India? <i>PP Varma, R Nair</i>	234
49.	Practical Approach to Glomerular Diseases <i>Ratan Jha, Kiran Chandra Patro, Shekhar Shiradhonkar</i>	237
50.	Diabetic Kidney Disease: Indian Perspective <i>Arvind Gupta, Rajeev Gupta</i>	243
51.	Management of Hyperkalemia in Chronic Kidney Disease <i>Asif Hasan, Muhammad Uwais Ashraf, Sekhar Chakravarthy</i>	247
52.	Recurrent Urinary Tract Infections in the Elderly <i>Y Sathyanarayana Raju, Y Rahul</i>	250
53.	Frontier in Nephrology: Onconephrology <i>Tejas Patel</i>	253

## SECTION 5 HEMATOLOGY

54.	Anemia: A Clinical Approach <i>PS Ghalaut, Anubha Garg, Arvind Chahal, Varun Yadav</i>	261
55.	Total and Differential Leukocyte Count: Changes in Disease States <i>Rumma Manchanda</i>	265
56.	Aplastic Anemia: Current Concepts in Management <i>Velu Nair</i>	268
57.	Thrombocytopenia: Rational Approach <i>SV Ramanamurty, DJK Chakravarthy</i>	276
58.	Interpretation of CBC and Thrombocytopenia with Special Reference to ITP <i>Rekha Bhat, Swati Pai</i>	282
59.	Heparin-induced Thrombocytopenia <i>BL Bhardwaj, Harnoor S Bhardwaj, Kanchan Saini</i>	286
60.	Thrombophilia: When and how to Investigate/Manage? <i>Charu Jani, Kanjaksha Ghosh</i>	288
61.	Blood Component Therapy: Which, when and how much? <i>Mathew Thomas</i>	294
62.	Classification of RBC Disorders <i>Sudhir Mehta, Shaurya Mehta</i>	297

**SECTION 6****ENDOCRINOLOGY**

- |     |  |     |
|-----|--|-----|
| 63. | <b>Subclinical Hypothyroidism: To Treat or Not to Treat</b><br><i>Ankit Shrivastav, Abhijit Swami</i>                            | 303 |
| 64. | <b>Subclinical Thyroid Disorder: To Treat or Not to Treat</b><br><i>DC Sharma</i>  | 306 |
| 65. | <b>Primary Hyperparathyroidism (Indian Scenario): Trends Over Past Two Decades</b><br><i>Muthukrishnan J, Naveen Mittal</i>      | 310 |
| 66. | <b>Polycystic Ovary Syndrome with Physicians</b><br><i>Minal Mohit, Sanjiv Maheshwari</i>  | 315 |
| 67. | <b>Polycystic Ovarian Syndrome</b><br><i>Samar Banerjee, Suman Puri</i>  | 319 |
| 68. | <b>Hyperprolactinemia: When to Suspect and How to Manage?</b><br><i>Piya Ballani Thakkar</i>                                     | 326 |
| 69. | <b>Andropause, Prevalence and Presentation: Role of Testosterone in Clinical Practice</b><br><i>Rakesh Sahay, Sandeep Sharma</i> | 330 |
| 70. | <b>Male and Female Sexual Dysfunctions in India</b><br><i>Deepak Jumani, Shweta Gupta</i>  | 334 |

**SECTION 7****CLINICAL SYMPTOMS AND SIGNS**

- |     |   |     |
|-----|---|-----|
| 71. | <b>Constipation: Evaluation and Management</b><br><i>VG Mohan Prasad</i>  | 343 |
| 72. | <b>Constipation in Clinical Practice: Causes and Management</b><br><i>Tejinder Singh, Praneet Wander</i>                                | 350 |
| 73. | <b>Approach to a Patient with Chronic Diarrhea</b><br><i>Varun Mehta, Govind K Makharia</i>   | 353 |
| 74. | <b>Vertigo: Clinical Approach and Management</b><br><i>Mohan Kameswaran, Sunil Goyal</i>  | 359 |
| 75. | <b>Hemoptysis: Diagnostic and Therapeutic Approach</b><br><i>Jai Kishan Karahyla</i>  | 364 |
| 76. | <b>Dry Cough: Presentation, Causes and Management Algorithm</b><br><i>AA Mahashur, R Banka</i>  | 372 |
| 77. | <b>Noncardiac Chest Pain</b><br><i>Rakesh Kalapala, Tarun Aggarwal</i>  | 377 |
| 78. | <b>Headache in Medicine OPD</b><br><i>Sanjay Prakash, K Ravishankar</i>   | 381 |
| 79. | <b>A Case-based Approach to a Dizzy Patient</b><br><i>Salil Gupta, Deepak Goel</i>  | 386 |
| 80. | <b>Diplopia: Clinical Approach and Management</b><br><i>Vivek Lal, Monika Singla</i>  | 390 |
| 81. | <b>Insomnia: A Disorder or a Symptom?</b><br><i>Manvir Bhatia, Abdul Muniem, BS Bal</i>   | 396 |
| 82. | <b>Cutaneous Manifestations of Systemic Diseases: Some Spotters</b><br><i>Eva Tsele, Sangeeta Punjabi</i>                               | 403 |
| 83. | <b>Physical Signs in Chest Examination: Clinical Relevance in Present Day</b><br><i>Basanta Hazarika, Santokh Singh, Nayanjyoti Bez</i> | 410 |

84.	<b>Some Lessons for Internists on Bedside Clinical Cardiology for Valvular Heart Disease</b>	415
	<i>Jaganmohan A Tharakan, SP Abhilash</i>	
85.	<b>Vignettes in Respiratory Medicine: Some Interesting Cases with Clinical Lessons</b>	422
	<i>DP Singh, Sudhir Kumar</i>	
86.	<b>Pearls in Cardiology: Some Interesting Cases with Lessons</b>	426
	<i>Neeraj Pandit, Girish Narayan Mishra</i>	

## SECTION 8

### INVESTIGATIONS

87.	<b>Procalcitonin Hope or Hype</b>	433
	<i>Sameer Gulati, Bhupendra Gupta</i>	
88.	<b>A Clinical Utility of Serum Galactomannan Test</b>	437
	<i>Shankha Shubhra Sen, Apu Adhikary</i>	
89.	<b>Polymerase Chain Reaction: Where is it Relevant as a Diagnostic Test?</b>	440
	<i>Gandharba Ray, L Ravi Kumar, Deepinder Chhina</i>	
90.	<b>Clinical Utility of Getting CRP done in Infections, Inflammation and Healthy High-risk Individuals</b>	444
	<i>Nitin Sinha</i>	
91.	<b>Diagnostic Value of Sputum Induction in Respiratory Disorders: Present Status, Future Course</b>	448
	<i>RS Bhatia, Rajbir Singh, Akash Batta</i>	
92.	<b>Urinary Albumin and Creatinine Ratio versus 24-hour Urinary Protein Estimation</b>	451
	<i>Vivek Kumar, Harbir S Kohli</i>	
93.	<b>Role of Tumor Markers in Clinical Practice</b>	454
	<i>Gaurav Prakash, Anupriya Kaur, Sanjay Jain</i>	
94.	<b>Fibroscan: Potential Role in Clinical Practice</b>	459
	<i>GS Lamba, Monika Jain, RM Chhabra</i>	
95.	<b>Antithyroid Peroxidase: Clinical Utility</b>	463
	<i>Hemant Thacker</i>	
96.	<b>D-dimer: Where to Send and how to Interpret?</b>	466
	<i>Sudhir Bhandari</i>	
97.	<b>Clinical Utility of Serum Ferritin</b>	469
	<i>Asha N Shah</i>	
98.	<b>Chest Radiography (X-ray and CT Scan) for Internists</b>	472
	<i>Udas Chandra Ghosh, Soma Saha, Kavita Saggarr, Rajdeep Singh</i>	
99.	<b>From Basic Principles in Echocardiography to Newer Modalities</b>	479
	<i>HP Singh, AP Singh, Gursewak S Gill</i>	
100.	<b>Role of Stress ECG Testing in Diagnosis and Prognostication of Coronary Artery Disease</b>	485
	<i>SB Gupta, Sudhir Verma, Samman Verma</i>	
101.	<b>Role of Echocardiography for Assessment of LV Function</b>	491
	<i>Rakesh Gupta, Parth Sthapak, A Sankaranarayanan, Garima Arora</i>	
102.	<b>Echocardiographic Evaluation for Valvular Heart Disease: A Guide for the Need of Intervention/Surgery</b>	501
	<i>Shravan NS Turaga, Saima H Khan, Rohit Tandon, Navin C Nanda</i>	
103.	<b>Echocardiography in Ischemic Heart Disease: Clinical Utility</b>	512
	<i>SK Parashar, Mahmoud Elsayed, Jugal R Chahwala, Parth K Parikh</i>	
104.	<b>Myocardial Viability Testing in Patients with IHD: Test Utility and Limitations</b>	519
	<i>Arif Wahab, Vipul N Roy, Naresh Goyal</i>
